Huron River Watershed

2012 community calendar

Take our online survey to help protect the lakes, rivers, and streams in our community. Complete the survey for a chance to win one of ten \$25 gift cards or a Flip video camera. Turn to the back cover to learn more or go to...

www.hrwc.org/survey

The Huron River Watershed Council and the communities that sponsor the Watershed Community Calendar **want to learn what you think about the quality of our local water** and how you may be protecting our lakes, rivers, and streams right from your own backyard. Your input will help us determine what information you and your neighbors need and how we can best provide it as we strive to keep our fresh water ecosystems clean and vibrant, rich with thriving populations of plants and animals with clean water available for everyone.

Please take our online Watershed Community Survey by going to www.hrwc.org/survey.

Your participation is very important. To keep it as cost-effective as possible, the survey is being distributed with the 2012 Calendar to approximately 40,000 residents of all kinds in Washtenaw and Livingston Counties. Participants include those of you who get your drinking water from the Huron River as well as those who rely upon underground aquifers or private wells for clean water, people who live in rural areas and those in our larger urban communities, people who paddle the Huron for recreation and those who may have never even seen it.

The anonymous survey includes 10 minutes of easy questions. As added incentive and a token of our appreciation, when you complete the survey you can enter our drawing for one of ten \$25 gift cards or a Flip video camera.

Every opinion provided, including yours, will help us evaluate our outreach efforts for the past several years and inform our future decisions on programs like the Watershed Community Calendar. We hope you will help us out and want to thank you in advance for your participation.

If you have questions please contact Pam Labadie at HRWC, plabadie@hrwc.org or (734) 769-5123 x 602.
