

## Suds on the River Sponsorship

Suds is the Huron River Watershed Council’s premier annual fundraising event. It brings together people who share a passion and a vision for the health of the Huron River.

As a Suds sponsor you will show your customers that you care about clean water and the environment. You’ll receive prominent recognition as an HRWC supporter at Suds, and throughout the year on our website and in our annual report.

Join 350 attendees from communities around the watershed – from Milford to Flat Rock. Network in a casual environment while enjoying tasty treats and brews from some of our favorite restaurants and breweries.
